

Bauma CONEXPO 2024

11th-14th December 2024,

India Expo Centre, Greater Noida

CFI has established partnership with Bauma CONEXPO India 2024 for its prestigious forthcoming 2024 Construction equipment exhibition scheduled to be held between 11th -14th December 2024, at India Expo Mart, Greater Noida, Uttar Pradesh.

With an objective to be a link between construction equipment manufacturers, suppliers and major construction infrastructure companies, CFI would like to be a platform and single voice to promote the issues of tax rationalization, safety and sustainability of construction projects & skill development.

A Special Pavilion will be set up for the CFI members which provides opportunity to CFI members and construction companies to interact with leading construction equipment manufacturers, suppliers etc. for collaboration, partnership, JV opportunities etc.

During the expo, CFI will organise a Half-Day Conference on crucial issues impacting Construction industry where senior government officials, policy makers, top CEO, MDs of leading infrastructure construction companies will share their views on the key challenges, opportunities and way forward during the plenary sessions.
