partnership with CFI, Bhopinder Singh, CEO, bauma CONEXPO India کہتے ہیں، آج، ہندوستان تیزی سے ترقی کی راہ پر گامزن ہے، اور بنیادی ڈھانچے کی ترقی سماجی و اقتصادی ترقی کا ایک لازمی ستون ہے۔ تعمیراتی منصوبوں کی پیچیدگی میں اضافے کے ساتھ، پراجیکٹ سائنس پر بہتر حفاظت اور پائیداری کے نتائج کے مطالبات کے ساتھ، جدید ترین آلات کی ٹیکنالوجی کو اپنانا تمام اسٹیک ہولڈرز کے مفادات کو پورا کرنے کی کلید رکھتا ہے۔ قوم کی تعمیر کے ایک اہم معاون کے طور پر، کنسٹرکشن فیڈریشن آف انڈیا کے نمبران بہت سے پیچیدہ پروجیکٹس شروع کر رہے ہیں، اور اس لیے، ہم ان کے ساتھ اس جیت کی شراکت کے لیے پر جوش ہیں۔ بو ما کان ایکسپو انڈیا ۲۰۲۴ کے مختلف تجرباتی پلیٹ فارمز جیسے ڈیو ایریاز، ٹیکنیکی اور پالیسی سے متعلق کانفرنسیں، خریداری بیچنے والے فورمز، بزنس ٹو گورنمنٹ میٹنگز، اور بہت سے دوسرے مستقبل کی تعمیراتی ٹیکنالوجی کو اپنانے اور فروغ دینے میں سی ایف آئی کے مفادات کو پورا کریں گے۔

Mr. Ajit Gulabchand, President - CFI ہندوستان کنسٹرکشن کمیٹی، کہتے ہیں، آج ہندوستان میں بنیادی ڈھانچے کی ترقی کا ایک بڑا پروگرام ہے۔ لیکن جب اس کی وسعت پذیر اور متوسط آمدنی کی خواہش مند آبادی کے تقاضوں کے خلاف پینائٹس کی جائے، خاص طور پر اس کے چھوٹے شہروں اور دیہاتوں میں، بنیادی ڈھانچے کی جدید کاری کی ضرورت اس سے کہیں زیادہ ہے جس کا آج تصور کیا گیا ہے۔

Mr. Vinayak Pai, Vice President - CFI and MD - Tata Projects کہتے ہیں آج کل سی ایف آئی کیلئے پائیداری، ٹیکنالوجی اور مہارت کی ترقی اہم توجہ مرکوز کرنے والے شعبوں میں شامل ہیں۔ نیٹ زیرو کے گرد گھومنے والے عالمی ماحولیاتی نظام کے ساتھ، پائیداری کے منصوبے جیسے گرین پائیلڈ روجن اور سولر ڈیٹلز اور بیٹری میٹروپکچرنگ پائینس آج تعمیراتی کمپنیوں کے لیے ابھرتے ہوئے پروجیکٹس کے مواقع ہیں۔ ہمارے پروجیکٹ سائنس کے ماحولیاتی اثرات کو کم کرنا بھی ایک اہم تشویش ہے۔

साझेदारियों को भी बढ़ावा मिलेगा। सीएफआई के साथ इस साझेदारी को लेकर बौमा कॉनेक्सपो इंडिया के सीईओ, भूपिंदर सिंह ने कहा कि निर्माण परियोजनाओं में बढ़ती जटिलता (कम्प्लेक्सिटी) के साथ परियोजना स्थलों पर बेहतर सुरक्षा और स्थिरता परिणामों की मांग और नई उपकरण प्रौद्योगिकियों को अपनाना, सभी स्टॉकहोल्डर्स के हितों को पूरा करने की कुजी है। राष्ट्र निर्माण के एक महत्वपूर्ण प्रवर्तक के रूप में, कंस्ट्रक्शन फेडरेशन ऑफ इंडिया के सदस्य कई जटिल परियोजनाओं पर काम कर रहे हैं और इसलिए, हम उनके साथ इस जीत की साझेदारी के लिए उत्साहित हैं। बौमा कॉनेक्सपो इंडिया 2024 में विभिन्न अनुभवात्मक मंच जैसे डेमो क्षेत्र, तकनीकी और नीति संबंधी सम्मेलन, खरीदार-विक्रेता मंच, बिज़नेस टू सरकारी बैठकें आदि, भारत और विदेश में परियोजना स्थलों पर भविष्य की निर्माण प्रौद्योगिकियों को अपनाने और बढ़ावा देने हेतु सीएफआई का रझान दर्शाएंगे। बौमा कॉनेक्सपो इंडिया 2024 के साथ आगामी साझेदारी के बारे में, सीएफआई के अध्यक्ष और हिंदुस्तान कंस्ट्रक्शन कंपनी के चेयरमैन, अजीत गुलाबचंद कहते हैं कि पिछले कुछ वर्षों में, हमने निर्माण कंपनियों और उपकरण निर्माताओं के बीच एक सहजीवी संबंध विकसित किया है, जिसे नई मांगों और चुनौतियों के मद्देनजर इसे

और अधिक मजबूत करने की जरूरत है। इसलिए, हम बौमा कॉनेक्सपो इंडिया के साथ मिलकर इसमें सहयोग करने के लिए उत्सुक हैं, क्योंकि इनके पास निर्माण व्यवसाय में अग्रणी प्रौद्योगिकियों को बढ़ावा देने का एक सिद्ध ट्रैक रिकॉर्ड है। इस प्रदर्शनी में जिन प्रमुख मुद्दों पर प्रकाश डाला जाएगा, उनके बारे में सीएफआई के उपाध्यक्ष और टाटा प्रोजेक्ट्स के एमडी विनायक पई ने कहा कि सस्टेनेबिलिटी, टेक्नोलॉजी और स्किल डेवलपमेंट आज सीएफआई के लिए मुख्य फोकस क्षेत्रों में से हैं। वैश्विक पारिस्थितिकी तंत्र को नेट ज़ीरो तक पहुंचाने के साथ, हरित हाइड्रोजन और सौर पैनल एवं बैटरी विनिर्माण संयंत्र जैसी दीर्घकालिक परियोजनाएं आज निर्माण कंपनियों के लिए उभरते अवसरों में से एक हैं। हमारे परियोजना स्थलों के पर्यावरणीय पदचिह्न को कम करना भी एक शीर्ष चिंता का विषय है। चूंकि उद्योग जगत पहले ही संसाधनों की कमी से जूझ रहा है, इसलिए प्रौद्योगिकी का उपयोग अनिवार्य है और हम अपने साझेदारों के साथ जुड़कर खुश हैं, जो निर्माण मशीनरी में प्रौद्योगिकी के उपयोग को बढ़ावा दे रहे हैं। इसके अलावा, निरंतर प्रशिक्षण कार्यक्रमों के माध्यम से उद्योग में कौशल की कमी को संबोधित करना एक अन्य क्षेत्र है जिसके लिए उपकरण निर्माताओं और निर्माण कंपनियों के बीच साझेदारी की आवश्यकता होती है। इसलिए, हम बौमा कॉनेक्सपो इंडिया 2024 के साथ हाथ मिलाकर खुश हैं और इस प्लेटफॉर्म पर और उससे आगे भी हम उपकरण निर्माण पारिस्थितिकी तंत्र के अपने भागीदारों के साथ काम करना जारी रखेंगे। बौमा कॉनेक्सपो इंडिया का 7वां संस्करण 11-14 दिसंबर 2024 को इंडियाएक्सपो मार्ट, ग्रेटर नोएडा में आयोजित किया जाएगा।

CFI सोबतच्या भागीदारी बद्दल भाष्य करताना, भूपिंदरसिंग, सीईओ, बौमा कॉन्सेप्स पोइंडिया, म्हणाले,
“आज भारत वेगाने वाढीच्या मार्गावर आहे आणि पायाभूत सुविधांचा विकास हा सामाजिक-
आर्थिक विकासाचा एक आवश्यक आधारस्तंभ आहे.

बांधकाम प्रकल्पांमध्ये वाढत्या जटिलतेसह, प्रकल्पाच्या ठिकाणी उत्तम सुरक्षितता आणि टिकाऊ परिणामांची मागणी आणि नवीन उपकरण तंत्रज्ञानाचा अवलंब करणे हे सर्व भागधारकांच्या हितसंबंधांची पूर्तता करण्यासाठी महत्त्वाचे आहे.

त्यांच्या सोबतच्या विजय-विजय भागीदारी बद्दल आम्ही उत्साहित आहोत. बौमा कॉन्सेप्स पोइंडिया 2024 मध्ये डे मोझोन, तांत्रिक आणि धोरण परिषदा, खरेदीदार-विक्रेता मंच, व्यवसाय ते सरकारी बैठका,

ज्यामुळे भारत आणि परदेशातील प्रकल्प स्थळांवर भविष्यातील बांधकाम तंत्रज्ञानाचा अवलंब आणि प्रचार करण्याकडे CFI चाकलदिसून येईल.

बौमा कॉन्सेप्स पोइंडिया 2024 सोबतच्या आगामी भागीदारी बद्दल बोलताना, CFI आणि हिंदुस्तान कन्स्ट्रक्शन कंपनीचे अध्यक्ष, अजित गुलाबचंद म्हणतात,

परंतु जेव्हा त्याच्या वाढत्या आणि महत्त्वाकांक्षी मध्यम-उत्पन्न लोकसंख्येच्या मागणीच्या विरोधात मोजले जाते, विशेषतः लहान शहरे आणि खेड्यांमध्ये, पायाभूत सुविधांच्या आधुनिकीकरणे आणि आजच्या कल्पनेपेक्षा जास्त दिसते. वर्षानुवर्षे,

आम्ही बांधकाम कंपन्या आणि उपकरणे उत्पादकांच्या एकसहजीवन संबंध विकसित केले आहेत,

आम्ही बौमा कॉन्सेप्स पोइंडियाशी जवळून सहकार्य करण्यास उत्सुक आहोत,

कारण त्यांच्याकडे बांधकाम व्यवसायातील आघाडीच्या तंत्रज्ञानाचा प्रचार करण्याचा सिद्ध ट्रॅकरेकॉर्ड आहे.”

प्रदर्शनात ज्या महत्त्वाच्या मुद्द्यांवर प्रकाश टाकला जाईल त्या विषयी बोलताना, विनायक पै, उपाध्यक्ष, CFI आणि टाटा प्रोजेक्ट्सचे MD, म्हणाले - “आज CFI साठी टिकाव, तंत्रज्ञान आणि कौशल्य विकास हे मुख्य फोकस क्षेत्र आहेत.

हिरवा हायड्रोजन आणि सौर पॅनेल आणि बॅटरी उत्पादन संयंत्रांसारखे शाश्वत प्रकल्प आज उत्पादक कंपन्यांसाठी उदयोन्मुख संधीपैकी एक आहेत. आमच्या प्रकल्प साइट्सचे पर्यावरणीय पाऊल कमी करणे ही देखील एक प्रमुख चिंतेची बाब आहे.”

“उद्योग आधीच साधनांच्या मर्यादांशी झुंजत असल्याने,

Press Release

bauma CONEXPO India is proud to join hands with the Construction Federation of India (CFI) for its 2024 edition

- CFI enjoys the patronage of leading infrastructure construction companies in India. It is a body "of the sector, for the sector and by the sector", and will represent their interests at the exhibition.
- This edition will deepen synergies between construction equipment manufacturers and the infrastructure development ecosystem.
- bauma CONEXPO India 2024 is likely to attract 1000+ companies and 75,000+ trade visitors from 100+ countries.

bauma CONEXPO India is excited to collaborate with the Construction Federation of India (CFI) for its upcoming 7th edition in North India. One of the premier industry associations in the country, representing the largest construction companies across India, CFI will join hands with bauma CONEXPO India 2024 to promote the issues of tax

rationalization, safety and sustainability of construction projects, and skill development in line with Industry 4.0 technologies.

Building on the successes of the past editions, the 2024 exhibition and conferences will present the latest technologies and innovations for construction sites, mining, extraction and processing of raw materials, production of building materials, and components and services. With its vast network of members representing the largest contractors and developers, CFI will leverage its influence to promote the construction equipment industry and attract key stakeholders from across the country. This partnership will provide a unique platform for exhibitors to showcase their latest technologies and innovations to a highly targeted audience, thus fostering new business partnerships.

About this partnership with CFI, **Bhupinder Singh, CEO, bauma CONEXPO India**, says, "Today, India is on an accelerated growth path, and infrastructure development is an essential pillar of socio-economic growth. With construction projects increasing in complexity, combined with the demands for improved safety and sustainability outcomes on project sites, adopting the latest equipment technologies holds the key to meeting all stakeholders' interests. As an important enabler of nation building, members of the Construction Federation of India have been undertaking many complex projects, and therefore, we are excited for this win-win partnership with them. The various experiential platforms at bauma CONEXPO India 2024 such as the demo areas, technical and policy related conferences, buyer-seller forums, business-to-government meetings, and many others, will serve the interests of CFI in adopting and promoting futuristic construction technologies at their project sites in India and abroad."

Regarding the upcoming partnership with bauma CONEXPO INDIA 2024, **Ajit Gulabchand, President – CFI and Chairman – Hindustan Construction Company**, says, "India has a massive infrastructure development program today. But when measured against the demands of its expanding and aspirational middle-income population, especially in its smaller towns and villages, the need for infrastructure modernisation is much more than what is envisaged today. Over the years, we have developed a symbiotic relationship between construction companies and equipment manufacturers, which needs to be strengthened in the light of new demands and challenges. Therefore, we are looking forward to collaborating with bauma CONEXPO India, as it has a proven track record of promoting pioneering technologies in the construction business."

About the key issues that will be highlighted at this exhibition, **Vinayak Pai, Vice President – CFI and MD – Tata Projects**, says, "Sustainability, technology and skill development are among the main focus areas for CFI today. With the global ecosystem converging around Net Zero, sustainability projects like green hydrogen and solar panels and battery manufacturing plants are some of the emerging project opportunities for construction companies today. Reducing the environmental footprint of our project sites is also a top concern."

"As the industry struggles with shortage of resources, use of technology is an imperative and we are happy to associate with our partners who have been driving technology usage in construction machinery. In addition to that, addressing the skills shortage in the industry through continuous training programs is another area which requires partnerships between equipment manufacturers and construction companies. Therefore, we are happy to join hands with bauma CONEXPO India 2024 and continue working with our partners from the equipment manufacturing ecosystem at this

platform and beyond.”

The 7th edition of bauma CONEXPO India will be held on 11-14 December 2024 at the IndiaExpo Mart, Greater Noida.
